

Mayline SC

Self-sealing liquid for drain water pipes

Self-sealing liquid for drain water pipes

Mayline SC eliminates leaks in drain water lines. The product can be used to seal leaks in pipes and joints made from all types of materials, such as plastic, cast iron, stoneware, etc. Mayline SC crystallizes upon contact with the external air, thereby creating a mechanical seal for the leak. The seal is long lasting and resistant to deterioration.

code	package
5/MYSC	5 l canister
1/MYSC	1 l (pack of 12 bottles)

Instructions for use

It is recommended to wash any greasy residues from the pipes carefully before performing the sealing operation. Close off the pipe after the leakage with a shut-off bladder, inflate it up and then fill the defective line with the mixture of water and self-sealing liquid. Let the product stand for minimum 24 up to 96 hours, based on the humidity conditions and the size of the leak. Check the air tightness of the system and reactivate it. Use only high quality shut off bladders for the closure operation.

After the sealing operation rinse well the drain pipe with tap water.

Important note

Shake the container well before use. Mayline SC can NOT be mixed with glycols, antifreezes or other chemical products. The self-sealing liquid may remain inside the system for a maximum of 30 days. Protect the product from frost.

Mixing proportions

1-5% (1-5 litres of Mayline SC for every 100 litres ofwater) The dose is sufficient once a pH value of 11 to12 has been obtained. ATTENTION! THE PRODUCT MUST NOT BE OVER OR UNDER DOSED.

Shut-off bladders

Shut-off bladders for closing the drain pipe.

code	1 pcs. with Ø		
MY/P3150	31 - 50 mm		
MY/P5080	50 - 80 mm		
MY/P75100	75 - 100 mm		
MY/P100150	100 - 150 mm		
MY/P125200	125 - 200 mm		

Application time Insert the self-sealing solution into the drain pipe and leave it for at least 48 hours, top up if necessary.

Check After inserting the product, check if the pH is between 11-12 to verify the correct dosage.

Security instructions

In the event of eye contact, rinse eyes thoroughly with much water and consult a doctor. In the event of skin contact, rinse well with water. Wear gloves and protective eyewear. Use water to immediately remove the product from objects such as tiles, flooring, wash basins, etc. Keep out of reach of children!

Disposal

TECHNICAL DATASHEET

Mayline **SC**

Self-sealing liquid for drain water pipes

UFI: 1500-X0YM-D00S-YYYR

Self-sealing liquid for drain water pipes

WARNING

Contains:: Silicic acid, sodium salt **Hazard statements:**

H319 Causes serious eye irritation. H315 Causes skin irritation. H335 May cause respiratory irritation.

Precautionary statements:

P261 Avoid breathing mist and vapours. P280 Wear protective gloves and face protection. P264 Wash the hands thoroughly after handling. P312 Call a POISON CENTRE or a doctor if you feel unwell. P403+P233 Store in a well-ventilated place. Keep container tightly closed.
